

# Stand Tall - Chords

Gary Spaniola

E            B11      A9                    E  
Stand tall, don't fall, no guarantee it'll be alright

E            B11      A9                    E  
Unjust, no trust, not everyone can see the light

F#mSus9    Amaj7   B    E  
Her flame is fading, after all

F#mSus9    Amaj7   B    E  
We stand for freedom, stand tall

Forced to beg and borrow  
Now you'll learn the pain  
Cities of tomorrow  
Built on power gain

No speech, Impeach, you just put a lock on your life  
Turn round, hold ground, fight the fight with all your might

Freedom is fading, Washington  
Iron gall on parchment, Jefferson

No truth in deception  
You eat what you're fed  
Such a good little soldier  
Now stand in line for your bread
