

# Shotdown - Chords

Gary & Erica Spaniola

E                      B                      F#mSus7  
Mr. Policeman can you help me? I've been shaken, he stole my heart for  
real this time

E                      B                      F#mSus7                      G-  
D-G-Em  
Tell me, where's the justice, I'm a victim, of a serious crime

C                      D  
Red and blue lights flash in my mind

E      D              A      E              E-D  
Shot down, The only thing I feel is my heartbeat.  
A              B  
Just a hit and run

E      D              A              E                      E-D

Shot down, thought my love was steel I can't take the heat  
A              B  
Now the damage is done

Anyone - have you seen him?  
There's a mug shot  
Hanging on my bedroom wall

He says he is innocent  
'Til proven guilty, he's not doing time at all

Red and blue lights flash in my mind

## CHORUS

Doctor - if he wanted me, like I want him  
I wouldn't be here at all  
I know he is guilty  
But what's the verdict in a court of law

Red and blue lights flash in my mind

## CHORUS

Watch out he's on the run  
Keep runnin' faster where you gonna run?
