

# Castle In The Sky - Chords

Gary Spaniola

A

I built myself a castle, way up in the sky

D

I had to buy an anchor, in case it got too high

A

E

D

It might sound strange, It never rains

A G F# E - A

At my Castle in the Sky

Funny how the trees grow,

just sittin' on a cloud

Birds fly from limb to limb, they They'll never touch the ground

It might sound strange, it never rains

At my Castle in the Sky

I got myself a problem, I can't see my friends

No road can reach that far,

I'm up there by the stars

Jupiter and Mars

It might sound strange, it never rains

It might sound strange, it never rains

At my Castle in the Sky
